Party Add-ons

See our all new party food add-on menu on the 4th page of this file.

We no longer allow outside food other than a peanut free cake or cupcake to be brought in for your guests.

We have expanded our party catering menu to allow you the opportunity to feed your adult guests during the party.

Party Guidelines

- We recommend **booking a minimum of 3 weeks in advance**. The earlier you book, the better chance you have of getting a day, time slot & activity of your choice.
- As part of our **Allergy Awareness Program**, we will always supply allergy questionnaires to the host party family to include with invitations. It is critical that these get signed and filled out by all party attendee's parent(s) or guardian(s) & returned to us 5 days prior to the party.
- Due to unforeseen circumstances, we **reserve the right** to change or substitute party itineraries & rooms.
- Outside food or drink may not be brought into our facility other than a peanut free birthday cake or cupcakes. We have expanded our catering party food guest menu. We **do not accept checks** as a form of payment.
- **Gratuities are not included** and may be given at your sole discretion.
- **Confirmations** for the number of party guests & add-on guest food must be made **5 days** in advance to guarantee the proper preparation of your party. The final number we have on file or that is given to us 5 days before the party is the minimum due for payment. 5 days prior to the party please provide us with the names of all attendees and their forms.
- A \$100 non-refundable **deposit** is required at the time of booking your party. Emergency re-scheduling is permitted.
- When food-related items are being prepared and require baking, please note that at **no time do we allow small children near any oven or cooking equipment**. Children prepare their food product or treat and then our staff members will then take it to the ovens & return with cooled food.
- We recommend that children are dressed in appropriate clothing for working with various cooking or craft items and materials that **may stain or harm their clothing**.
- Party time-slots and rooms are on a time-based schedule, which means that times cannot be changed on the day of your party. **Please arrive 15 minutes early** for your party to meet with your FunShop party specialist and greet your guests.
- We encourage the party child's parent(s)/guardian(s) to help us **promote good behavior** for party guests during their party visit to maintain safety and ensure a great time for all attendees. Any child that acts improperly will be asked to sit down and possibly be excused from activity participation if necessary.
- Any **injuries, concerns or issues** should immediately be brought to the FunShop Party Specialist or the store manager/owner's attention. We also welcome positive feedback and are here to please you.

NEW

NEW

Effective Nov. 1st, 2007 **Outside Food Policy**

Cooks and Crafts will **no longer** be allowing outside food or drink to be brought into our facility for parties, events, and classes.

The reason for this, is that we are one of the leading allergy and special needs aware retail companies in the nation, and in order to protect and control the safety of our guests, we have decided to expand our offerings to serve our guests better and to ensure our guests are safe and enjoy a great time at our store.

The only exception for outside food will be for birthday cakes and/or cupcakes for your party guests.

We strongly recommend that you check the allergies and special needs of your guests against the ingredients used by the facility making your birthday treats. Make sure that there is a proper ingredients list posted on such treats.

For birthday cakes, treats and goodie bags, peanuts are not permitted.

Thank You!

We are a responsible allergy aware facility. We encourage you to learn more about the increasing rate of food allergies and special needs in children.

Party Food Add-On Menu

We do not deep-fry any of the items on this Menu. All items need to be ordered at least 5 days in advance. Tax is additional. For detailed ingredients, please contact us 2 weeks in advance of your party.
